Family capacity-building framework: An investment and developmental approach using systems informed positive psychology (SIPP)

- Right from the start the family journey commences with consistent messages of hope and possibility for a positive future that include 3 lane ways of support: community inclusion, peer networks and specialist services
- SIPP informed: At all points, families focus on wellbeing and messages of a good life
- Parent-peer workers as a lever of change at all levels

0-8

years

Community

Early intervention

services and systems

Medical and

diagnostic

- Families learn about and work towards these outcomes over time and at their own pace (developmental approach) through practical, planned opportunities that keep families building the best life for their child
- Investment from government to create paradigmatic change

Introduce aims of **Build Family** Capability through Link to existing Disabled - Best Life Link to well informed peer led Person Organizations and -Strength based . Citizenship Link to wen mornied peer workers organizations and peer workers -Family Leadership Family Led Organizations - Independence -Peer led - Purpose Peer networks Community inclusion Specialist services if and when needed Parent-peer workers as a lever of change Family and child wellbeing

Let's build a bridge to help families understand and work towards these long term outcomes

Best Life Citizenship Independence

Purpose

years

These

families will build

organizations of the

future e.q.

leadership development for children 12-18 years

More families on the bridge and working towards these outcomes will reduce risk of family breakdown, unemployment, health issues, isolation, segregation
