

# For Professionals

## Strengthening community-based services under the NDIS

### Leading best practice into the future

The Early Childhood Intervention (ECI) Best Practice Network invites you to a workshop addressing the impact of the National Disability Insurance Scheme (NDIS) on our sector.

As dedicated volunteers with diverse backgrounds, you understand the challenges faced by boards who are leading community-based organisations.

#### Join us for a discussion where we will:

- Explore common challenges as we highlight the shared problems community-based organizations are encountering under the NDIS, affecting our ability to uphold best practices for families and children
- Discuss the sustainability of community-based, not-for-profit organizations under the NDIS
- Engage in conversations about recommending key changes to the NDIS, urging increased support for the community-based sector to thrive as a local choice for families and children.

We welcome you to be part of this cross organisational conversation to shape the future of community-based early childhood intervention providers.

#### Cost

Free

#### Date and Time

Thursday 14 December  
7pm-8pm AEDT/NSW time

#### Location

Online  
Instructions will be emailed to you
