

Music Together Free Playgroup

Create wonderful opportunities for communication and interaction through fun musical activities

In this fun and relaxed playgroup, children develop social skills like turn-taking and sharing through music and group play. Each session follows a familiar routine with singing, percussion, dancing, and storytelling—fostering interaction and communication.

Led by Dr. Amanda Niland, an experienced music specialist, and Daniel Rose, an early childhood teacher and behaviour consultant.

Supporting your child's transition

New experiences can take time. If your child needs a little while to settle in, we encourage you to keep attending so they can grow comfortable.
