

# Libraries community of practice

## Sharing ideas to strengthen inclusion in community libraries

How can we make public libraries more inclusive?  
Join us for our first community of practice session!

This is an opportunity for library staff to connect, celebrate achievements and spark new ideas on supporting children with a disability or developmental delay and their families.

Your voice and insight are invaluable in shaping a more welcoming experience for everyone at the library.

### During this session you will:

- Learn from and support your peers
- Collaborate to create positive change
- Keep the momentum of inclusion going

We encourage you to complete the [Libraries as Community Connectors eLearning modules](#) beforehand, so you can get the most out of this session.
