Connect & learn together

MyTime is a unique service for parents and carers of children with a disability, developmental delay or concern about their child's development.

It's a regular meeting place where you can unwind, socialise, discuss, get information, and support and be supported by other parents and family carers. It's a world away from appointments and therapy. It's support for you!

Members get to plan the group sessions around their specific needs as carers.

MyTime @ Plumtree is run by parent facilitators who have shared experience in raising a child with disabilities and delays.

For more information, visit www.mytime.net.au

Visit our website to see the planned topic. However, feel free to bring up any topic during the session—your input is valued and always welcome.

MyTime is funded by the Australian Government Department of Social Services through Playgroup NSW. Visit www.dss.gov.au for more information.
