

Nature Play

Everything your child needs to develop their skills is readily available in the bush

Plumtree Nature Play is about getting back to basics and having fun outside. Come and be supported in learning about the simple, fun, and beneficial play that can happen in a natural bush setting.

You and your child will be guided to play and explore by qualified professionals who are registered with AHPRA, ensuring families are supported by skilled and trusted providers

Each day in the bush is different and activities are often shaped by the weather.

Learning outcomes could include:

- Fostering independence as children discover how to engage with the environment and develop essential self-help skills.
- Encouraging connections among peers through group activities and outdoor adventures, creating opportunities for shared experiences and new friendships.
- Learning and exploring through adventure, guided by the weather and the ever-changing natural surroundings.

Activities may include:

- Making mud pies
- Building with natural materials
- Slowing down to investigate and enjoy small wonders
- Climbing rocks, nature art, and craft
- Exploring different textures

Cost

Free

Sponsored by Plumtree Children's Services

The program is valued at \$193 according to latest NDIS Pricing Arrangement and Price Limits guide.
